## **Economic Impact of AKC Dog Events in Michigan**

The American Kennel Club (AKC) was established in 1884 to promote the study, breeding, exhibiting, and advancement of purebred dogs. We now represent more than 5,000 dog clubs nationally, including **159** clubs in the state of Michigan.

The AKC sanctions thousands of dog events each year, which generate significant economic benefits to local communities in addition to the millions of dollars AKC dog owners in Michigan spend annually on their dogs.

Here are the statistics for the State of Michigan over the past three years:

**2014:** AKC licensed and sanctioned 647 events in the state of Michigan, in which more than 97,200 dogs participated.

**2015:** AKC licensed and sanctioned 660 events in the state of Michigan, in which more than 95,600 dogs participated.

**2016:** AKC licensed and sanctioned 699 events in the state of Michigan, in which more than 98,400 dogs participated.

The AKC conducts ongoing research regarding the economic impact of AKC events in localities throughout the state, as well as of AKC registered dogs in the state. Surveys demonstrate that exhibitors at AKC conformation dog shows spend an average of \$685 per show weekend. This means spending by AKC dog show exhibitors for a show weekend could inject more than \$1.7 million into the local economy. And because AKC dog shows are an educational and family-friendly event, large spectator gates can generate additional revenues for cities and towns statewide.
