## **Economic Impact of AKC Dog Events in Pennsylvania**

The American Kennel Club (AKC) was established in 1884 to promote the study, breeding, exhibiting, and advancement of purebred dogs. We now represent more than 5,000 dog clubs nationally, including **248** clubs in the state of Pennsylvania.

The AKC sanctions thousands of dog events each year, which generate significant economic benefits to local communities in addition to the millions of dollars AKC dog owners in Pennsylvania spend annually on their dogs.

Here are the statistics for the State of Pennsylvania over the past three years:

**2014:** AKC licensed and sanctioned 1031 events in the state of Pennsylvania, in which more than 143,500 dogs participated.

**2015:** AKC licensed and sanctioned 1075 events in the state of Pennsylvania, in which more than 144,700 dogs participated.

**2016:** AKC licensed and sanctioned 1129 events in the state of Pennsylvania, in which more than 151,700 dogs participated.

The AKC conducts ongoing research regarding the economic impact of AKC events in localities throughout the state, as well as of AKC registered dogs in the state. Surveys demonstrate that exhibitors at AKC conformation dog shows spend an average of \$685 per show weekend. This means spending by AKC dog show exhibitors for a show weekend could inject more than \$1.7 million into the local economy. And because AKC dog shows are an educational and family-friendly event, large spectator gates can generate additional revenues for cities and towns statewide.
