

December 10, 2014

At their meeting on December 5, 2014 the Weimaraner Club of America's Board of Directors approved that the AKC use the CHIC health recommendations for the Weimaraner.

CHIC Recommendations for the Weimaraner:

- Hip Dysplasia – OFA Evaluation, or PennHIP Evaluation
- Eye Examination by a boarded ACVO Ophthalmologist – Results registered with OFA or CERF
- Autoimmune thyroiditis – OFA evaluation from an approved laboratory

Optional:

- Hyperuricosuria – DNA test from the UC-Davis Veterinary Genetics Lab
- Hypomyelination – DNA test from the UC-Davis Veterinary Genetics Lab
